3. Date - November 20 - 2007  
VIN - SHHRE 38788C013233
4. I received letter & my HONDA CRV is being fixed today at Denton TX Honda so I'm included in the class action.
5. Objection - I was told it only had to do with the 4 doors and the Rear Hatch Actuator needs to be included. I have complained about All of this for years but was ignored. I have been locked inside my car where I couldn't get out

even from the back hatch which was terrifying and extremely claustrophobic. I've been locked outside in the rain, at night, trying to get to work (+ being late) or even trying to get my things out of the rear (had to go thru front passenger door + haul things to front, alot of work) I'm 62 yrs old + this has been frustrating, scary, noisey (the constant RRRCrunch all the time) and am so glad this has finally recieved attention after all these years. This needs to be completely taken care of + fixed please!

I Am sending you original letter + copies to the other address (+ one for me) I thank-you for this for my objection + complains were ignored!

Sincerely
